**W**ashington University of Health and Science is an International Center for medical education and research located within the tropical, Caribbean country of Belize on the beautiful Island of Ambergris Caye, San Pedro.

The primary mission of WUHS is to educate caring and skilled physicians who are well prepared to enter graduate and specialty training programs in biomedical and clinical sciences to be well-prepared to advance the frontiers of research, clinical practice and education within the United States, Canada, the United Kingdom and the Caribbean.

### **WUHS DOCTOR OF MEDICINE PROGRAM**

WUHS offers the Basic Science and Clinical Science Curricula, which are designed to prepare students for licensure and practice within the U.S., Canada, U.K. and the Caribbean. The Doctor of Medicine Program

consists of a total of eleven semesters – divided as follows:

### **Basic Sciences (Semesters MD1 – MD5)**

**MD1 – MD4:** Foundations of Medicine is conducted within our state of the art Belize medical campus, located on the Island of Ambergris Caye, San Pedro. Approximately 16 months to complete the Basic Sciences.

**MD5:** Upon completing Foundations of Medicine, eligible students continue their study in the United States in preparation for USMLE Step 1 and matriculation through the clinical training portion of the program.

### **Clinical Sciences (Semesters MD6 – MD11)**

Upon successfully completing the Basic Science Program, eligible students enter clinical clerkships/rotations. A total of 72 weeks of required CORE and ELECTIVE clinical clerkships/rotations. All clinical training is conducted within contracted affiliated hospitals in the United States, Canada, the United Kingdom and the Caribbean.

**Graduation and Degree Confirmation:** Upon completion of all course requirements, a degree of Doctor of Medicine will be conferred by WUHS. Eligible graduates may enter into post graduate training programs.
